

# Clerk of the Works

Envista services clients all over the world, from various industries, sectors, and markets, and we collaborate with in-house experts to offer experienced cost-saving solutions. When clients need rapid assistance following complex property damage and business income loss exposure, Envista assembles our Building Consulting experts to perform on-site clerk of the works services.

## Tailored Solutions

Throughout the duration of the project, our experts complete detailed documentation on labor, equipment and materials from all involved parties, take on-site photos, prepare daily site reports and weekly summaries, and when needed, suggest solutions to problems.

## On-Site Presence

Envista's on-site presence allows our team to serve as our clients' eyes and ears in the field. Our unique perspective aids others in seeing all sides, should a problem arise, to come to an amenable resolution and allows our team to provide:

- » Accurate and comprehensive invoice reviews
- » Quicker invoice verification
- » Real-time scope development and agreement
- » Streamlined dispute resolution
- » Reduced time duration of the process

## Need a Clerk of the Works Consultant?

Envista can offer solutions tailored specifically to the project's unique requirements.
